THE ARTIST

Rooted in Southern California DJ culture, DJ Big Al brings turntable technique, musical range, and crowd awareness to every performance.

A graduate of the Beat Junkies Institute of Sound's advanced Structure Program and a founding member of Groove Syndicate, he blends classic hip-hop, funk, freestyle, house, R&B and open-format sets.

From music-driven bars and lounges to high-profile corporate events, his focus is simple: read the room, deliver the right music and keep the energy moving.
